RISE – Research & Innovation Staff Exchange

Are you in search of a funding programme for your research and innovation project? The Marie Skłodowska-Curie Research and Innovation Staff Exchange (RISE) promotes cross-border and cross-sector collaboration between research and market within Europe and beyond.

Part of the Horizon 2020 framework programme, the RISE scheme supports industrial competitiveness and skills development through short-term staff exchange for research and innovation professionals. The aim is to facilitate the sharing of knowledge and ideas from research to market (and vice-versa).

In a nutshell

<table>
<thead>
<tr>
<th>Who?</th>
<th>Academic institutions and non-academic organisations (at least 3 from 3 different countries)</th>
</tr>
</thead>
</table>
| What? | • 100% funding of staff exchange costs  
• Exchange for up to 12 months per staff member (can be split into multiple stays of ≥1 month)  
• Maximum of 540 person months per project |
| Where? | Europe and Third countries |
| When? | Call deadline every year  
Next deadline: 28 April 2020 |

Who is the target group?

- researchers, technical, administrative and managerial staff  
- all nationalities and at all career levels  
- from the academic and non-academic sectors  
- based in Europe: EU Member States (MS) and Associated Countries (AC) or outside Europe (third countries (TC))

Benefits at organisation level

- Increased research and innovation capacity  
- Enhanced cooperation and knowledge transfer between sectors and disciplines  
- Strengthening of international and inter-sectoral collaborative networks
Benefits at staff member level

- Increased set of skills, both research-related and transferable ones
- Increased research and innovation output, more knowledge and ideas converted into products and services

Funding (person/month) €
