

OUR SERVICES FOR STARTUPS

FIND FUNDING

- Our startup acceleration programme Fit 4 Start provides participants with equity-free seed funding of up to €150,000
- We help startups identify and apply for the most suitable national R&D and innovation subsidies, including the Young Innovative Enterprise support programme
- We support startups with their participation in the accelerators for scaling breakthrough technologies of the European Innovation Council
- We connect you with investors, business angels and venture capitalists

OPTIMISE YOUR PRODUCT/MARKET FIT

- We help you sharpen your business proposal by challenging your original business idea
- We guide you towards the development of a convincing business plan and business model and a top-level pitch deck
- We connect you with potential clients and partners through the Luxembourg Cluster Initiative and specialised events

DEVELOP YOUR TEAM

- Accelerator programme Fit 4 Start provides participating teams with personalised, challenging coaching by lean startup experts and experienced entrepreneurs
- We help you expand your professional network by connecting startups with corporates, incubators, accelerators and investors

We tailor our services to your needs.

As a central player in the Luxembourg startup ecosystem, we will also connect you with other relevant organisations that will help you take the next step.
